

International Conference on Advances in Analytical Sciences (ICAAS-2018)

15-17, March 2018

@ Dr. Lovraj Kumar Auditorium, CSIR-Indian Institute of Petroleum, Dehradun

About the Conference

ICAAS-2018 aims to provide a forum for interaction and exchange of ideas among scientists, engineers and young researchers actively involved in the area of analytical sciences and related technologies. ICAAS-2018 spans an extensive range of exciting sessions from basic research to recent innovations. It is based on learning and sharing knowledge on current research and the enormous scope of potential applications of analytical sciences and chemistry through discussions about the latest advances in the field.

Call for Papers

Submit the abstract of your paper to kapurgs@indianoil.in

Main Themes

- Exploring Advances and Applications of Analytical Sciences
- Crude oil and petroleum products,
- Petrochemical/Polymers,
- Alternative and Renewable energy sources,
- Catalysts, Medicine, Materials, Natural Products, Nanomaterials, Environment, Forensic etc.

ICAAS 2018 will provide an unprecedented opportunity for chemists of all stripes and colors to share their research with colleagues from industry and academia related to following

Sub Themes

- Spectroscopic Techniques
- Chromatographic Techniques
- X-ray Techniques
- Microscopy & Imaging Techniques (SEM, TEM, AFM)
- Atomic Spectroscopy
- Thermal Analytical Techniques
- Hyphenated Techniques
- Chemometrics
- Any other related topic

Important Dates

Submission of abstract	15.02.2018
Notification of acceptance of abstract	25.02.2018
