

2003

1. Cobalt phthalocyanine catalyzed aerobic oxidation of secondary alcohols: an efficient and simple synthesis of ketones
Vishal B. Sharma, Suman L. Jain and Bir Sain
Tetrahedron Letters 44(2), 383-386, Jan 2003
2. Aziridination of alkenes using N-iodo-N-potasio-p-toluenesulphonamide as nitrene precursor
Suman L. Jain and Bir Sain
Tetrahedron Letters 44(3), 575-577 January 2003
3. Urea, Thio area and Guanidine derivatives as multifunctional fuel stabilizers
Priyanka Juyal, O N Anand
Fuel 82, 1, 97-103, Jan 2003
4. An unconventional cobalt catalyzed aerobic oxidation of tertiary compounds to N-oxides
Suman L Jain and Bir Sain
Angewandte Chemie 115(11) 1303-1305, March 2003
5. Methyltrioxorheniu catalyzed aerobic oxidative coupling of 2-naphthols to binaphthoals
Vishal B Sharma, Suman L Jain & Bir Sain
Tetrahedron Lett 44(13), 2655-2656, March 2003.
6. Metallophthalocyanines as potent catalysts for aziridination of olefins,
Suman L. Jain and Bir Sain
Journal of Molecular Catalysis A: Chemical 195 (1&2) 283-287, March 2003
7. Methyltrioxorhenium catalyzed aerobic oxidation of organonitrogen compounds,
Vishal B. Sharma, Suman L. Jain and Bir Sain
Tetrahedron Letters 44(16), 3235-3237 April 2003
8. Novel platinum incorporated vanadium phosphates and their catalytic activity,
Arunabha Datta, Monika Agarwal, Soumen Dasgupta and Ravindra Y. Kelkar
J Mol Cat.198(1&2), 205-214, May 2003
9. Structural Characterization of Coke deposit on Industrial Spent Paraffin Dehydrogenation Catalysts;
S.K.Sahoo, P.V.C. Rao, D. Rajeshwer, K.R. Krishnamurthy and I. D. Singh
Applied Cata. A: Gen 244(2), 311-321, May 2003
10. Upgrading Low Value Refinery Streams into Electrode Grade Petroleum Pitch
Manoj Srivastava; S. Gupta; M. Thapliyal; M. K. S. Aloopwan; R. S. Kaushik; I. D. Singh; M. Anwar; M. O. Garg
Petroleum Science & Tech 21(5&6), 699 – 707, June 2003
11. N-Hetrocyclic derivatives as multifunctional fuel additives
Priyanka Juyal; O. N. Anand; M. K. S. Aloopwan; G. M. Bahuguna
Petroleum Science & Tech 21(5&6), 727-745, June 2003
12. Copper-catalyzed imination of pyridines using PhI=NTs as nitrene precursor,
Suman L. Jain, Vishal B. Sharma and Bir Sain
Tetrahedron Letters 44(23), 2,4385-4387, June 2003

13. Resonance, polar, and steric effects of substituent on monomer reactivity in radical polymerization of alkyl 4-vinylbenzoate and butylacrylate
Harender S. Bisht, Siddharth S. Ray, Alok K. Chatterjee
J Poly Science Part A: Polymer Chemistry 41(12), 1864-1866 June 2003
14. Stabilization Studies of Middle Distillate Fuels: Structural Composition of Insoluble by FTIR Spectroscopy
Y. K. Sharma; R. Reimert; I. D. Singh
Petroleum Sci & Tech 21(7&8), 1055-1063 , July 2003
15. Studies on Carbon Number Distribution of High Melting Microcrystalline Waxes
Sanat Kumar; A. K. Gupta; K. M. Agrawal
Petroleum Sci & Tech 21(7&8), 1253-1263 , July 2003
16. Conventional and atom transfer radical copolymerization of n-octyl acrylate-styrene : chemoselectivity and monomer sequence distribution by ¹H NMR
Harender S Bisht, Siddharth S Ray, Alok K Chatterjee
European Polymer J 39(7), 1413-1420. July 2003
17. Convenient one-pot synthesis of functional alkenyl pendant-containing silylene-divinylene polymers
T V Rao, H Yamashita, Y. Uchimar, M Asai and K Takeuchi
Chemistry Letters 32(7), 580-581, July 2003
18. Rheology of middle – distillate Part I, Role of Composition
R C Purohit, S P Srivastava, P S Verma
Petroleum Science & Technology 21(9&10), 1369-1379, Sept 2003
19. Predict Yields from a Kinetic Model of Catalytic Cracking Process at any Temperature”
P B Semwal
Petroleum Science & Tech 21(9&10) 1531-1538, Sept 2003
20. Effect of support in hydrotreating catalysis for ultra clean fuels(Preface)
Y Okamoto, M Breyse, G M Dhar and C Song
Catalysis Today 86, 1-3, Nov 2003
21. Mixed oxide supported hydrodesulfurization catalysts-a review
G Muralidhar, B N Srinivas, M S Rana, Manoj Kumar and S K Maity
Catalysis Today 86, 45-60, Nov 2003
22. TiO₂-SiO₂ supported hydrotreating catalysts: physico-chemical characterization and activities
M. S. Rana, S. K. Maity, J. Ancheyta, G. Murali Dhar and T. S. R. Prasada Rao
Applied Catalysis A: General 253(1) 165-176 October 2003
23. Methyltrioxorhenium catalyzed oxidative cleavage of α-hydroxycarbonyl compounds to carboxylic acids with hydrogen peroxide
Suman L. Jain, Vishal B. Sharma and Bir Sain
Synthetic Communication 33(22) 3875-3878, Dec 2003
24. Chromatographic characterization of High-Boiling Petroleum fractions
B K Sharma, S L S Sarowha & S D Bhagat
Journal of Separation Science 26(18) 1657-1664, 2003

25. Characterization of $ZrO_2-Al_2O_3$ Mixed oxides support prepared by urea hydrolysis
F Aberuagba, M Kumar, J K Gupta, G Muralidhar, L D Shamra
Reaction Kinetics and catalysis letters 80(2), 311-317, 2003
26. Gas to liquid technologies challenges and opportunities
M O Garg & R P Badoni
Chemical Industry Digest May-June 2003
27. Indian Institute of Petroleum: An excellent training centre for personnel of Hydrocarbon and related industry
V P Sharma and V S Saini
Drilling and Exploration World 12(12), Page 34, 46-47, Oct, 2003
28. Dynamic Gas Disengagement in a High-Pressure Bubble Column
Uwe Jordan, Alok K Saxena, Adrian Schumpe
The Canadian Journal of Chemical Engineering 81(3) 491-498, June 2003
